*PROPHETS OF OLD*

## First to See Coming Of Prince of Peace

BETHLEHEM, Dec. 25—Beginning of the Year of Our Lord 1. — For centuries prophets have forecast the birth of a Christ Child and historians have made many references to the coming of a Messiah.

These are some of the names which have been applied to Him. Immanuel, Wonderful Counselor, Mighty God, Everlasting Father, Prince of Peace, The Lord of the Highest and Jesus.

Since the birth here today of the Wonderful child and the excitement and rejoicing that have followed local scribes have been searching history and the Bible and point to the predicitions of Isaiah, Jeremiah, Micah and others.

**The following** quotations are given as vital to the Messiah's coming:

The Lord spoke again to Ahaz saying, Ask thee a sign of the Lord thy God . . . But Ahaz said I will not ask, neither will I tempt the Lord, And he said. Hear ye now, O House of David . . . Behold a virgin shall conceive, and bear a son, and shall call his name Immanuel.—Isaiah 7:14.

**The people** that walked in darkness have seen a great light; they that dwell in the land of the shadow of death, upon them hath the light shined . . . For unto us a child is born, unto us a child is given, and the government shall be upon his shoulders, and his name shall be called WONDERFUL COUNSELOR THE MIGHTY GOD, THE EVERLASTING FATHER, THE PRINCE OF PEACE, of the increase of his government and peace there shall be no end, upon the throne of David, and upon his kingdom, to order it, and to establish it with judgment and justice henceforth even for ever.

The zeal of the Lord of hosts will perform this. — Isaiah 9:2-7.

**I will gather** the remnants of my flock out of all countries whither I have driven them, and will bring them again to their folds . . . and I will set up shepherds over them which shall feed them, and they shall fear no more, nor be dismayed, neither shall they be lacking, saith the Lord, that I will raise, and the king shall reign and prosper, and shall execute judgment and justice in the earth . . . And this is his name whereby he shall be called, THE LORD, Our RIGHTEOUSNESS. — Jeremiah 23:3-6.

**Now gather** thyself in troops, O daughter of troops; he hath laid seige against us; They say smite the judge of Israel with a rod upon the cheek. But thou, Bethlehem. Epharatath, though thou be little among the thousands of Judahs, yet out of the shall come forth unto me one that is to be ruler of Israel; whose goings forth have been from old, from everlasting . . . And he shall stand, and feed in the strength of the Lord, in the majesty of the name of the Lord his God; and they shall abide; for now shall he be great unto the ends of the earth. —Micah 5:14.

**In the sixth** month the Angel Gabriel was sent from God unto a city of Galilee, named Nazareth, to a virgin spoused to a man whose name was Joseph, of the house of David and the virgin's name was Mary. And the angel came upon her, and said, Hail thou are highly favored, the Lord is with thee: blessed are thou among women. And when she saw him she was troubled at his saying, and cast in her mind what manner of salutation this should be, and the Angel said unto her: Fear not, Mary, for thou hast found favor with God.

## Magi Followed Star To Find Son of Mary

BETHLEHEM, Dec. 25 — Beginning the Year of Our Lord 1. — The mysticism and beauty of the Orient has mingled with the simplicity and reverence of a little town made holy by a divine occurrence.

Three sages from the East, impressive in the richness of their many colored silks and gold insignia, walked the dusty streets of Bethlehem today and told of their journeys across desert and plain to lay rare gifts at the feet of the tiny babe.

They spoke briefly and eloquently of the prophecy. "There shall come a star out of Jacob and a spectre shall rise out of Israel," and they described the brilliance and comet-like action of this star which had arisen in the east, and which they had followed until it halted over the Judean city.

**These three Magi** who bear the names of Casper, Melchor and Balthazar, were familiar with the Hebrew prophecies which foretold the advent of the Messiah, and had long waited for the star, they said. To prepare for the promised King of Israel, they sold their possession and equipped a caravan.

Last night, surrounded by humble shepherds and barnyard animals, they fell to their knees and worshipped the young child with great joy, and presented him with frankincense, myrrh and gold.

**When they were** asked if the commonplace surrounding seemed out of keeping with Christ's significance, Melchor, the wise man, answered:

"The King we seek is not to be found in the palace, nor among the rich and powerful. If the light of the world and the glory of Israel had been appointed to come with earthly splendor, it must have happended long ago. For no son of Abraham will ever again rival the power which Joseph had in the palaces of Egypt or the magnificence of Solomon throned between the lions of Jerusalem. But the light for which the world is waiting is a new light, the glory that shall rise out of patient and triumphant suffering. And the kingdom which is to be estabilshed forever in a new kingdom, the royalty of unconquerable love."

**An intimation** of the uncertain future was voiced when he added: "I do not know how the turbulent kings and peoples of the earth shall be brought to acknowledge the Messiah and pay homage to Him. But this I know. Those who seek Him will do well to look among the poor and lowly, the sorrowful and the oppressed."

## Astrologers See Tragedy, Sorrow For Holy Babe

JERUSALEM, Dec. 25 — Begining the Year of Our Lord 1. — Great tragedy will mark the future of the child born in Bethlehem, say the country's foremost astrologers. The stars, they say, reveal:

He will be in great danger while he is still an infant, and because of an attempt upon His life, many children will be killed.

**He will live** to be hailed in Jerusalem, but will later be rejected and betrayed by one close to Him.

Crucifixion will be the manner of His death, and He will undergo unspeakable suffering.

There are other venerable pathetic words which foretell the sufferings of the promised Messiah.

**These reveal** that He will be "despised and rejected of men, a man of sorrows and acquainted grief."

Their search of the records it is believed, will continue for many weeks and will entail many secret conferences with not only members of their craft, but with the priesthood in the temple itself. Whether their findings will be made public in detail is not known.

The astrologers added that this preliminary report of their findings as revealed by their efforts probably would be considerably altered by further study and indeed, might be radically altered by results of research and study.

### *Dogs and Sheep Overcome by Celestial Radiance*

BETHLEHEM, Dec. 25 — Beginning the Year of Our Lord 1. — The shepherd's dogs and sheep were overcome also by the strange light from heaven last night, the men report.

## 'Mary Smiled at Me!' Simply Clad Boy Says

NAZARETH, Dec. 25 — Beginning of the Year of Our Lord 1. — A young boy—one of the band of shepherds which was visited on the hill near here last night by a heavenly host of angels who told them of the birth of the baby prophet, was a shy narrator of events transpiring at the stables when the presence of the child became known.

Rough clad, and plainly awed by his part in the divine drama, he gave the only clear impression gaind of Mary, the mother of the Holy Child. The other shepherds were too inspired, and the wise men from the east too preoccupied with the identity of the infant to notice details which the eye of a child seized upon.

"Everything seems so quiet in the stable," he replied to questions. "I noticed that even the pigeons didn't coo like they usually do."

"Did Mary or Joseph say anything to anyone?" he was asked.

The lad flushed then conflicted: "Joseph asked me to help him fix the hay so it would be more comfortable, and then Mary smiled at me after she had been looking at the baby, and so I asked her if they didn't have better places in the inn. She answered low-like: "There wasn't any room for us."

"I felt sorry for her; and then she smiled again and just whispered: "But I like it here. The inn was so noisy, and the streets are full of loud people. The animals are peaceful. You must't feel sorry for us."

"I still felt strange. It is as though something too wonderful to talk about has happended to me, I can't explain it. But I feel so peaceful inside."

### In Keeper's Faith In Miracle Strenghtens

BETHLEHEM, Dec. 25—Beginning of Year of Our Lord 1. — Bewilderment marked the features today of the keeper of the little inn where Mary and Joseph sought shelter last night. But behind the bewilderment could be sensed a dawning belief.

"There was something different about her face," he said of Mary. "It was tired—but different. And when Joseph turned away leading the ass she was riding, something about him too, made me want to call them back.

"I went to the stable this morning," he mused. "Only it didn't seem like the same stable somehow."

## Messiah Comes Into World Torn By Internal Strife

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1. — Christ was born last night. They say he is a King. Into a world torn with strife, into a dictator-ridden country that trembles at the clashing swords of Rome, has come the ray of light so long awaited by the troubled people.

It is a far cry from the golden pillars of Solomon's temple to the crude stalls of a cattle barn.

**For hundreds** of years the memories and tales of the glories of ancient Jerusalem have been treasured in the hearts of scattered race. For generations they have unrolled their papyrus scripts and reassured themselves that one day a Redeemer of Mankind would restore their kingdoms. With mighty armies. He would vanquish a tyrant Caesar, and rebuild their shining city.

They thought of him in terms of shining rainment and a golden throne; they didn't expect swaddling clothes and manger hay.

**They could** see him proclaimed by heralds with silver trumpets; they didn't think his campanions could be rough-haired oxen and sleepy-eyed goats.

They expected urns of smoldering incense, but not the aroma of a stable.

**Multitudes** would prostrate themselves on the ground in His presence, they believed; they didn't suppose that a harried innkeeper would suggest that the royal family sleep in the barn because all of his rooms were full of taxpayers.

Some say that this baby born last night to Mary and Joseph of Nazareth couldn't possibly be the Messiah foretold in Scriptures. But there are others who remember the words of the prophet Isaiah, of Jeremiah and of Micah and with unspeakable joy hail Him as the Saviour of Israel.

## Mary and Joseph Both Descendants Of Royal Line

NAZARETH, Dec. 25 — Beginning the Year of Our Lord 1. Although Mary, mother of the Saviour, and her husband, Joseph, live among the humbler folk here, where he is a carpenter, they are of the royal family of Judah and the descendant of King David.

The Jews keep exact lists of their genealogies thus explaining the present situation.

For the old prophets said that the Christ child was to be born at Bethlehem whereas Mary lives in Nazareth 50 miles distant. But when the Emperor Augustus called for the regular 10-year census he ordered Herod to register the people according to the tribe to which they belong. Mary and Joseph belonging to the family of David were required to go to Bethlehem.

## Shopkeeper Has Doubts About Jesus

BETHLEHEM, Dec. 2 — Beginning of the Year of Our Lord 1. — "All the excitement has made more business for my shop but I do not believe he is the Christ."

That was the opinion of the proprietor of a small shop here who has not yet visited the now-famous birthplace of the infant Jesus.

"I really believe this is just something arranged to make more entertainment for taxpayer week," he went on. "Why, the true Christ will be so mighty that there will not be a doubt by anyone when he comes. That light was just a falling meteor and those sleepy shepherds were startled by it. You know how a story can grow."

He said he had been too busy to go along with the crowds to the stable, and added that the innkeeper would probably have more business than ever.

"I have an extra room here at the back," he said thoughtfull. "If I had only known—" and he hurried to wait on a customer.

# Long-Awaited Messiah Born in Lowly Manger

The Christmas issue today tells the story of Christ's birth as it might have been told if modern newspapers had been printed at that time. Today's current news appears on inside pages. The Bethlehem story was mainly written several years ago by a newsman and its use has become tradition with us. The dispatches are based on the story of the Christ child as it was originally written.

## Herod in Dread, Seeks to Delude Sages from East

### *Manger Miracle Told Over and Over As Groups Collect*

JERUSALEM, Dec. 25 — Beginning the Year of Our Lord 1. — An apprehensive Herod sits on the throne of Judah, and is much disturbed at the nificance of the Messiah is Bethlehem.

This was brought to light with the recent visit here of sages from the East who were seeking the newborn King of the Jews. Having heard of their inquiries, Herod hastily called together his chief priests and scribes who write the laws, and demanded them to tell him more of the prophecies of Christ's coming.

**Then he** summoned the wise men for questioning, and led them to believe that, if they would go to Bethlehem, discover the Child and return and tell him about it, he would journey there himself to pay homage.

Those who heard Herod's interview with these Eastern wise men say he was given only evasive answers.

**Political** commentators say it is understandable that Herod should feel uneasy at the rise of a leader who will capture the imagination of a discouraged people. His reign has been a singularly unhappy one due to the pressure from Rome.

The Emperor Augustus has lately accumulated foreign property and subjects through a campaign of military invasions and controls about all in this part of the world that is worth taking. This has occupied the minds of the people, but has increased Roman extravagances. Palestine is one of these conquered countries and Herod is the King of Augustus's own choosing.

**Some regard Herod's** fear of a ruler who will overthrow him in a material sense as being unfounded.

They maintain that the significance of the Messia is spiritual rather than political, and point out that he has always been prophesied as a Shepherd of Souls rather than a military deliverer.

Herod's nature, these commentators say, makes is impossible for him to understand a Prince of Peace.

## Great Joy Pervades City of Bethlehem

BETHLEHEM, Dec. 25 — Beginning the Year of Our Lord 1. — It is impossible to describe the feeling of great joy that prevades Bethlehem today as the coming of the long-heralded Messiah is realized by the majority of its inhabitants.

The shepherds probably experienced the most poignant sensation for it was to them that the news was first given. The little group who were guarding their flocks from foxes and wolves that still roam the hills of Palestine, speak with great wondering of last night's message from the sky.

**The amazing** light together with the chanting of a heavenly host has brought on incoherence to their speech; but the radiance of their facts is more impressive than any words could be.

"An angel of the Lord suddenly flashed before us and the glory of the Lord shown all around us," one of them said.

"We were frightened but the angel said, "Have no fear. This is good news. I am bringing to you news of great joy that is meant for all the people. Today you have a saviour born in the town of David, the Lord, Messiah. And here is a proof to you: you will find a baby wrapped up and lying in a stall for cattle."

**" Then a** host of heaven's army sudenly appeared beside the angel, extolling God and saying, "Glory to God in the highest, and on earth peace, good will toward men."

"Having sung this song, the angel went back to heaven, the light faded away, and all was dark as before.

"We began talking together about these strange sights and sounds," the shepherd related.

"We didn't stop to think what would happen to our flocks, or wait until morning, we went at once. When we saw all was as the angel had said, we told everyone about it."

## Brilliant Star Presaged Secret Mystery of Birth

JERUSALEM, Dec. 25 — Beginning the Year of Our Lord 1. — Eminent astrologers here admit to the appearance of a new star. They say that at infrequent periods such stars, or novae, as they term them, suddenly appear with great brilliance, are evident for a time, then fade away.

Last night's star, they explain, resulted from the conjunction of two great planets, Jupiter and Saturn.

### *Magi's Wisdom is Greatest in World Declares Caspar*

BETHLEHEM, Dec. 25 — Beginning the Year of Our Lord 1. — This is what Casper, one of the wise men, said about their belief:

"The wisdom of the Magi is the greatest of all wisdoms on earth, because it knows its own ignorance. And that is the secret of power. We worship fire as a symbol of Him. We keep men always looking and waiting for a new sunrise, but we ourselves understand that the darkness is equal to the light and the the conflict between them will never be ended."

### Herod's Spies Said Departing Hurriedly For Jerusalem

BETHLEHEM, Dec. 25 — Beginning the Year of Our Lord 1. — Several known spies and two synochophants of the court of King Herod, who for the greater part of the morning have been furtively watching the stable wherein the King of Glory rests in his swaddling clothes, left and came bound presumably for Jerusalem.

Herod is known to be extremely interested in the journeys of the Magi to Bethlehem.

## Eyes of All Judea Turn to Bethlehem As Word Spreads

### *Appearance of Star Convinces Inhabitants New Baby is Prince*

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1. —The eyes of all Judea are turned with awe today upon this little town as the world emanates from it that the long prophesied Messiah was born here last night.

Miraculous happenings and visitations of heavenly hosts which confronted them with radiance and divine song, lead inhabitants to believe that this is the prince of the throne of David, who Scriptures have said will reunite the scattered tribes of Israel and reign over them as the son of God.

The appearance of a new star of Great Magnitude and luminenscence, convinced them that it portends to the ancient prophecy.

**The Infant,** born to Mary, a Jewish girl from Nazareth, who is the wife of Joseph, a carpenter, was first discovered by a group of shepherds who received the news of His birth from a band of angels while they were tending their flocks in the low lying hills outside the city.

Descending in a blaze of heavenly glory that prostrated the little group of men and boys with amazement, the divine visitors told them not to be afraid but to go to the stable in Bethlehem, where they would find the Christ in swaddling clothes and lying in a manger.

**This the shepherds** did, being guided all the way by an angel. There they found the child, but recently born, with his parents and stable animals. So deep was the conviction of the angel's message upon them, that they immediately accepted him as the promised Saviour, and fell upon their knees and worshiped him.

Following in quick succession the visit of the shepherds was a caravan of wise men, or Magi, from humble birthplace bearing jewels and precious gifts. To them too, this was a long-awaited event, since they are close students of astronomy, and were watching for the star. When it appeared they regarded it as the sign that the child had been born which the prophet had foretold.

**While the** largest part of the population here is talking of the event in tones of unsuppressed awe, and plainly regard it as a means by which they will be delivered from their Roman oppressor, there are many who are frankly skeptical. They feel that the future Christ will come from a more significant source.

The whole atmosphere here has been one of unusual excitement for the past few days since that was the time decreed by Augustus Caesar for all tax payers in Judea to be registered. Mary and Joseph being of the house of David, were required to come to Bethlehem, and although Mary was an expectant mother, and the 50-mile journey from Nazareth in Galilee was extremely arduous for her, the urgency of the order was such that they dare not say no.

**From the** meager details gained from keepers of public places, it appears that Joseph had failed to make any reservations for lodging. The low temperature of the winter night forced them to the stable where they made themselves as comfortable as they could in the straw. They suffered no ill efects from the experience, however, and those who visited the little family after the birth became known, report that an aura of light transformed the dingy surroundings into a place of beauty.

Mary indicated that she would call the child Jesus.

# Worship here this holy Season

*'And the Angel said to them, "Be not afraid; for behold, I bring you good news of a great joy which will come to all the people; for to you is born this day in the City of David a Savior, who is Christ the Lord. And this will be a sign unto you: You will find a babe wrapped in swaddling cloths and lying in a manger."* And suddenly there was with the Angel a multitude of the Heavenly Host praising God and saying, *"Glory to God in the Highest, and on Earth peace among men with whom he is pleased!"'* Luke 2:10-14. Good news of great joy; these words leap off the page as we listen to the story of the birth of Christ. God's love for man reaches down in concrete action in the birth of Jesus Christ and this action speaks more strongly than a million words. Great joy! Good news! Christ is born!

## TODAY'S Meditation

The World's Most Widely Used Devotional Guide

The Upper Room

© THE UPPER ROOM, NASHVILLE, TENNESSEE

**Read Revelation 3:17-22**

There shall come forth a rod out of the stem of Jesse, and a Branch shall grow out of his roots. (Isaiah 11:1)

One day early in December, I visited a store in Vancouver and saw that the whole place was gay with Christmas decorations. The sight was a delight to the eyes. Everywhere attractive gifts were on display, and salespeople were serving the many shoppers who thronged around the counters.

An air of expectancy hung over everything. We were waiting for what? We were preparing for whom? I thought of the numerous gifts tobe wrapped, the greeting cards to be written, and the many tasks to be done before Christmas.

But there was one thing more important than all these. Would we be ready to receive the greatest gift of all on Christmas morning — the Christ child? Were our hearts being made ready that the King of all the world might find us fit for His abode in us?

How empty our lives, and Christ should pass us by bepoor our Christmas, if Jesus cause we are not prepared to receive Him!

**Prayer:** O gentle Christ, whose coming to this earth brought heaven to Thy people, prepare us in these days that we may receive the greatest gift of all. Thy presence in our hearts. In Thy name we request this gift. Amen.

**Thought for the day:** There is no preparation so important as that which makes us ready to meet Jesus this Christmas.

## We Wish You A Safe Holiday

The California Federation of Safety Councils is finishing an intensive campaign aimed at reducing death and injury because of traffic accidents on California's streets and highways.

**We stand in agreement with the California Highway Patrol in its commendation of the Safety Councils for the effort.**

The slogan of "Watch Out for the Other Guy" suggested in this campaign is particularly applicable during the holiday season when western man is supposed to be thinking in charitable terms of "the other guy". Certainly it applies to our driving habits. The failure of California drivers this year to "watch out for the other guy" has had a large bearing on California traffic accident statistics which show over 4,500 killed and a quarter of a million more injured in traffic accidents so far this year.

**There's no point in going into the moral implication of those figures but we will point out they are tragic. They aren't nameless, meaningless figures to those who were involved. They represent human suffering and billions of dollars on a national scale.**

Simply through "watching out for the other guy" we all can reduce both the suffering and the cost. As the California Highway Patrol suggests, the rewards are great: A Merry Christmas and a safe and happy New Year.

# Van Deerlin To Ask Controls On Broadcast Political Results

WASHINGTON — Rep. Lionel Van Deerlin, D-Calif., a former radio-television news commentator, will introduce legislation next month to prevent broadcasters from announcing results of state or local elections while any polls in the state remain open.

The polls now close at different hours in at least 11 states. Another seven states give localities some option in determining voting hours.

Van Deerlin said he has received complaints from both Democratic and Republican precinct workers that the early disclosure of results in California has interferred with their efforts to get out a maximum vote.

In the rural areas of California, the polls generally close at 7 p.m. But such heavily populated counties as Los Angeles, San Francisco and San Diego keep their voting places open until 8 p.m.

In the recent election for Governor of California, one network (NBC) predicted the winner—on the basis of scattered returns—27 minutes before the big city polls were closed.

No one knows how many voters stayed home because they figured the race was all over, Van Deerlin said. But one worker told the Cingressman that at least 13 people in his precinct decided, after hearing the projections, that a trip to the polls was not worth the effort.

Van Deerlin outlined his plans for corrective legislation in a speech delivered Monday at the Christmas Editors' Luncheon of Triangle Stations in New York City.

Acknowledging that his proposal may be challenged on grounds that it could infringe on Constitutional free speech guarantees, Van Deerlin added he is confident it would withstand any court tests.

"There are times when freedom of speech must give way to the sanctity of ballot," he said.

Van Deerlin explained that his measure will apply only to the reporting of results—not the projection of outcomes in election races.

Van Deerlin is a member of the House Communications and Power subcommittee, which has jurisdiction over bills dealing with the coverage of elections by broadcasters.

## Christmas 1966

The click, click of the computers rings merrily, merrily in every clothing store, department store, drug store, and supermarket. Clickety-clack, clickety-clack goes the countdown faster and faster—17 shopping days before Christmas, 16 days before Christmas, 15 days before Christmas - faster and faster. Never before has so much been sold for so great a price. Wise men stop to compute the incalculable. "The mills of the gods grind slow but fine." The flying steps of modern Christmas journeys are dogged by taxes. Modern standards demand more than a pound of flesh. Clickety-clack, clickety-clack on compound interest. Computers cannot assess the unforeseen payments. Wise men stop to compute the incalculable. "The sins of the fathers will be visited on the children." Children, children. No room in the Inn for some children. Children, children, for you we make jingle bells. Jingle, jingle, jingle, give for children, pennies for children who have no room in the Inn. Jingle, jingle, jingle, pennies for you, children, but no room in the Inn. The sins of the fathers are visited on the children. Break down the doors, break down the doors. Make room in the Inn. 10, 9, 8, 7, 6, 5, 4, 3, 2, 1 day before Christmas. Make room in the Inn for all the children. Christmas is here! Salvation is created, salvation is created! Blasted away are the sins of the fathers. Blasted open are the doors for all children. Come, come, come, receive Salvation. Come, come come, bring all the children. Joy, joy, joy for all God's children.

With Christian love,

*Fired For Pornography*

## Former Sheriff's Deputy Wins $100 Pension Raise

A former Lemon Grove man who was fired from the Sheriff's Department on Aug. 23, 1966, after he was arrested on charges of conspiring to make pornographic movies, may get his full pension after all—or almost $100 more a month.

The man, former Sheriff's Sgt. Willard Rigley, had been drawing a pension $329.99 a month. This week, Superior Court Roger S. Ruffin ordered the county Retirement board to grant a disability retirement pension to Rigley. The judge's ruling means he will get $425 a month, which is half his full pay.

Judge Ruffin granted a writ of mandate, sought by Rigley, against the board of the S. D. County Employees Retirement Association. He ordered the service-connected pension to be retroactive to August 23, 1965.

The board had granted Rigley a pension on Jan. 26, 1966 but ruled that his heart ailment was not service connected. This ruling was set aside by Rigley.

Rigley, 51, who now lives in Chula Vista, was one of three others involved in pornographic movie activity. Another man, also a deputy sheriff at the time, lived in Lemon Grove, too.

Rigley for many years was in charge of Superior Court bailiffs and had served the sheriff's department for 23 years. He was granted three years' probation after pleading guilty on Sept. 13, 1965. Judge El Levenson, at the time, said it "would be hard and unusal punishment" to sentence Rigley to any time in custody for the crime.

The other three defendants also were granted probation although two of them were given jail terms as conditions of probation.

The Retirement Board will appeal Judge Ruffin's decision, said Joseph Kase, deputy county counsel.

## Minors Alerted By ABC Board

"Operation Minus 21," a campaign sponsored by the State Department of Alcoholic Beverage Control encouraging minors to observe State laws which prohibit persons under 21 years of age to possess, purchase or consume alcoholic beverages, is booming throughout California.

Department Director James O. Reimel said the effort, launched in late October, "has received tremendous and 100% favorable response from school officials, state legislators, enforcement agencies, city and county officers."

He added that the initial quantity of 500,000 4-page pamphlets entitled "What Happens to the Drinking Minor," which the Department is distributing to high school and junior college students, has been depleted and that an additional 500,000 copies are being printed.

As an initial thrust in the campaign, the pamphlet spells out the alchoholic beverage regulations, including those provisions which make it unlawful for a minor to possess or use false identification, or to furnish alcoholic beverages to other minors.

Cartoon illustrated, it also details the possible penalties for violators, including a $500 fine, a jail term, suspension of driver's license, expulsion from school, and refusal of admittance to college.

Concurrent with distribution of the pamphlet, Department officials and fieldmen from 18 district offices, under the direction of Gus Phillips, ABC Central Valleys Area Administrator, are contacting education leaders, civic and community organizations to further explain the campaign and to offer their personal assistance in promoting it.

"We've been literally swamped with requests for our people to appear at the high schools and junior colleges," Phillips said, "and each will be filled as soon as possible. Many school districts have indicated their intention to use the pamphlet as part of their required curriculum on alcohol and tobacco education."

"Operation Minus 21," according to Reimel, has been endorsed and is receiving financial and promotional support from the California Brewers Assn. and the United States Assn.

"The cooperation given by these organizations," he said, "is an outstanding example of how industry and government can work together for the public's benefit."

## LG Men's Club Hears Dean C. Allen Paul

The underwater film "The World of Jacques Costeau" will be screened Friday at the noon luncheon meeting of the Lemon Grove Men's Club in Brunswick Bowlero.

Last Friday club members heard Grossmont College Dean of Vocational and Technical Education C. Allen Paul speak about progress made in that field of college work at the El Cajon institution.

Dean Paul said one of the main roadblocks in vocational and tehhnical education is parents wanting their children to become professionals.

"Eighty per cent of the students that graduated from the Grossmont High School District last year and enrolled at Grossmont College indicated they were transfer oriented, planning to go on to a four year college. Studies show only 20 per cent will make it. We have to find something else for the other 60 per cent", Dean Paul said.

"These students need beneficial occupational training and we are trying to provide it. Our dental assisting and police science courses, which have been running for four years, are booming. Our other courses including business and food service also are expanding at a rapid rate. But we still have too few students taking advantage of the training offered here.

Dean Paul said one of the ways to help the students realize the opportunities that exist in technical and vocational training is to orientate the parents to the advantages of such a program.

Some progress has been made in this direction as recent sampling from this year's graduating classes from the high school district show 35 per cent plan the technical and vocational program route to employment as compared to 20 per cent as of a year ago.

"This shows a definite trend toward more realistic thinking with regard to the students' vocational planning", he added.

## Park Viewed In Sweetwater Lake Area

SAN DIEGO (CNA)—Hazy, indefinite plans for a major county park to include about 1,700 acres of land and water at Sweetwater Lake were told to the County Board of Supervisors on Wednesday afternoon.

The board instructed county officials, including Parks and Recreation Superintendent Cletus Gardner to see if they can clarify the situation and make the plan more definite.

Gardner said the California American Company, the principal land owner, is interested in having the county take over the land around the lake for park development. He said he did not know how much land it would be nor whether the company wanted to lease it, sell it or give it to the county.

Because of water pollution regulations the company can not make use of the land which surrounds and drains into the reservoir. It must, however, pay taxes on the land.

Gardner offered no plans for financing a park development. He showed the board a development plan showing a golf course, boating, swimming, a community center, and large picnic areas. He said it was offered as a guide.

The park, he said, would be along a planned freeway that would make it within 20 minutes of 60 or 70 per cent of the population of the county.

## War on Poverty In Losing Battle

The Economic Opportunity Commission hopes President Johnson and area congressmen will get heaps of holiday mail from supporters of the county's War on Poverty.

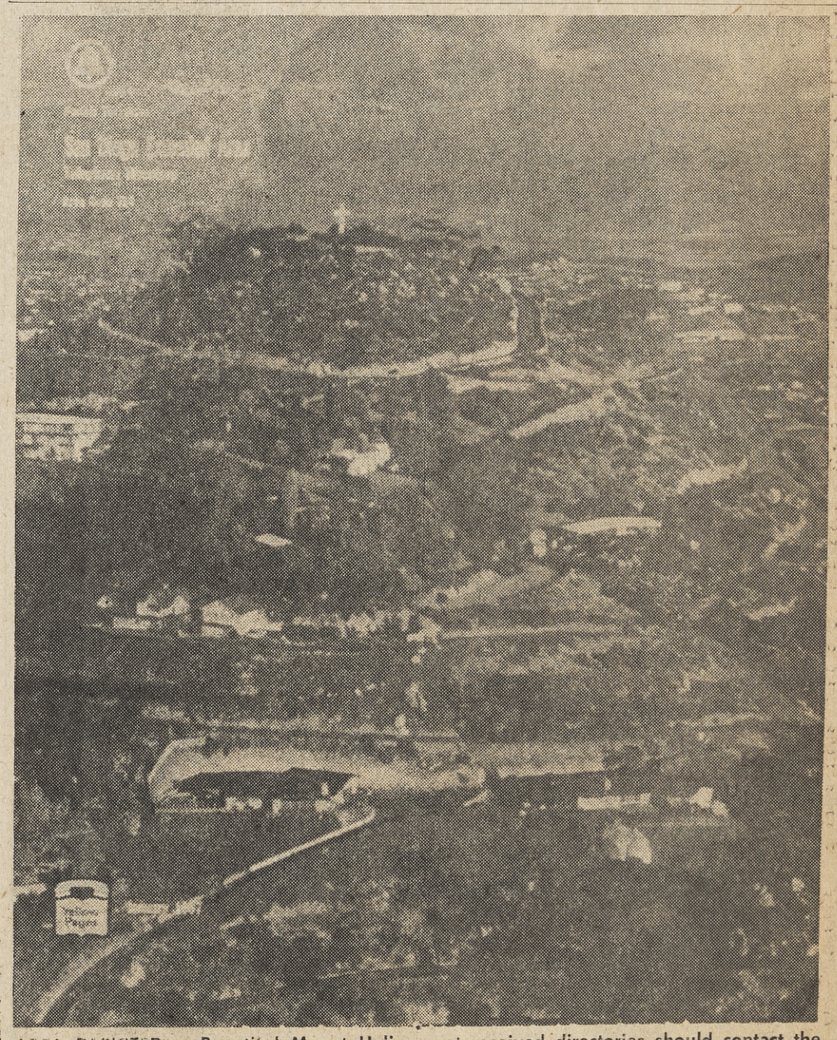
But no Christmas cards.

The EOC board voted last week to ask supporters to urge the President and Congress to grant more anti-poverty funds. Several agencies across the nation have taken similar action.

The EOC board voted after Ed Singler, area consultant with the federal Office of Economic Opportunity, spoke. Singler said the OEO's regional office is preparing a list of programs which can be saved from cutbacks and programs which must be phased out in order to adjust to the cutbacks. Though overall congressional allications for the nation's anti-poverty programs in 1967 are up some $100 million compared with 1966, Singler said, legislators have favored programs such as Head Start, legal services and manpower training.

Jack Katz, EOC executive director, recommended that the EOC board go on record favoring supplemental congressional allocations to "save our programs."

The board's vote on the matter was unanimous.



AREA DEPICTED — Beautiful Mount Helix, just east of Lemon Grove and Spring Valley( is depicted on the cover of the new telephone directories. Residents who have not received directories should contact the Pacific Telephone office, 463-0094. Delivery was to have been completed locally yesterday.

*Learn Spanish the Easy Way*

# Hardison's Telespanish

by James Hardison

There are certain expressions in English that loose their effect when translated into Spanish. The very popular expression "Would you believe?" can be translated as "Creeria usted?" but has no comic effect in Spanish because it has not been associated with a popular comic situation in Spanish speaking countries.

In this regard, it is interesting to see how titles of television programs are changed in translations so that the desired effects are obtained. The program "Have Gun, Will Travel," should be translated "Tengo Pistola, Viajare" but has been translated "Pistola a Sus Ordenes." (Gun at Your Service). This translation is more effective in a culture where "a sus ordenes" is as popular an expression as "Would you believe?" is in our culture.

The English expression "Bull Fight" should be translated "Pelea de toreo" but the Spanish speaking cultures does not think of the event as a "fight." It is thought of as simply "Los Toros" (The Bulls. It is an English speaking idea to add the word "fight" to produce the desired effect in our culture.

Look at the following expressions in today's lesson and pronounce them from the phonetic guide provided, then dial 276-2762 on your telephone where you may practice saying them with the Spanish record.

IMPORTANT EXPRESSIONS:

Say "Creeria usted?" (creh-eh-REE-ah oo-STEHD)
For "Would you believe?"
Say "No lo creo." (noh lo CREH-oh)
For "I wou'd not believe it.'

COMMON EXPRESSIONS:

Say "Yo soy alumno." (yoh SOH-ee ah-LOOM-noh)
For "I am a student.'
Say "Yo aprendo espanol.' (yoh ah-P R E H N-doh eh SPAHN-yohl
For "I am learning Spanish."

OTHER EXPRESSIONS:

Say "Como vuela el tiempo." (KOH-moh voo-EH-lah ehl tee-EHM-poh)
For "How time flies."
Say "Otro ano nuevo." (OH troh. AHN-yoh noo-EH-voh)
For "Another new year."

# Mount Miguel Girls' Ensemble Tours Mexico on Good Will Trip

The Mount Miguel Girls' Ensemble are currently representing the United States once again this year on a good will tour of Mexico. The group left the Lemon Grove-Spring Valley area Friday, Dec. 16, and plan to return after a nine day tour of Mochis, Sinaloa, and Hermosillo, where they will perform at the University of Sonora.

Seventeen singers, selected by audition on the basis of musical talent, training and scholarship, compose the Ensemble. Personal qualifications of moral excellence, responsibility, and social maturity are also required.

An eight-year-old organization, the group has given four concerts with the Miguel Concert Choir in the communities of Tecate and Ensenada, Baja California. In addition to having received superior ratings each year at the Southern California Ensemble Festival, they have also been asked to sing in many concerts representing the outstanding ensembles of Southern California.

Founder-director Robert Boucher has been in music education for sixteen years. His singers have also performed for the Southern California Music Educators' Conference. The group is accompanied by Lori Durham, Mount Miguel senior.

Chaperoning the Ensemble on their tour are Mrs. Robert Boucher, Mrs. Isabel McCrae, school nurse; Lowell Plinke, yearbook advisor; Edward Villarreal, Mount Miguel Spanish teacher, and Mrs. Anne vone der Mehden, junior English teacher.

The first Mexican tour in 1965 included Mexico City, Acapulco, and Guadalajara. With its success and the help of the Grossmont District Board, the tour will again be made this year.

To help finance the expenses of the trip the girls sang for the Lemon Grove Kiwanis Club and local junior high schools on Dec. 14. Recently they held a bake sale and car wash.

# Increased Research Needed in Emphysema and Chronic Bronchitis

More basic research in emphysema and chronic bronchitis—and more physicians trained to treat victims—recently were recommended by a nationwide task force supported in part by local Christmas Seal contributions, Dr. Robert Rosen, Lemon Grove-Spring Valley area chairman of the Tuberculosis & Health Assn. of San Diego County, said yesterday.

Citing a preliminary report of 24 experts sponsored by the U.S. Public Health Service and the National Tuberculosis Assn., Dr. Rosen said the task force also recomended a drastic reduction in cigarette smoking and more effective air pollution control as means of combating these diseases.

The study group met to draft recomendations for an all-out effort against the two rapidly increasing crippled respir[illegible] diseases. Emphysema alone now costs $80 million annually in Social Security disability payments.

The medical experts urged expansion of two types of basic scientific research: 1. investigation of the basic mechanism of injury to the lung; 2. studies to determine why some persons are more susceptible than others to emphysema and chronic bronchitis.

They cited an increasing need for physicians well trained in the diagnosis and care of those stricken and urged that each medical school in the country have at least one faculty member competent to teach respiratory disease subjects.

"A percentage of local Christmas Seal contributions now is earmarked for a special statewide research and medical education fund currently supporting such investigations and faculty positions throughout California. We hope our current campaign will permit expansion of these programs," Dr. Rosen said.

The task force also recommended expansion of clinic studies of occupational groups to "obtain more specific and detailed knowledge concerning the relationship of environmental exposure and the development of chronic bronchitis and emphysema" and studies of respiratory disease in childhood and its relationship to emphysema in later life.

Four Californians, Dr. Charles T. Carman, University of California School of Medicine San Francisco; Beryl Roberts Ph.D., and Dr. W. Clark Cooper, U.C. School of Public Health, Berkeley; and Dr John Goldsmith, State Dept. of Public Health, Berkeley, served on the task force.

A full report from the group, including recommendations for specific programs, will be released early in 1967. The local tuberculosis association will cooperate with public and private agencies in carrying out the recommendations, Dr. Rosen said.

## 'Help Wanted' for March of Dimes

Help Wanted. Experience Unnecessary. Hours: All You Can Spare. Reward: A Mother's Thanks.

"That's how we might write a 'help wanted' advertisement for the March of Dimes," declared Floyd Morrow, chairman of the January 1967 drive against birth defects in San Diego County.

"While we can't promise workers anything but hard work between now and the end of January, we can guarantee them the satisfaction of having made a very personal contribution toward solving the greatest childhood health problem of today."

Morrow explained that March of Dimes funds are directly instrumental in bringing about the birth of healthy babies and rehabilitating the children who might otherwise be permanently disabled.

## March of Dimes Slates Campaign For 'Healthy and Useful' Lives

The goal of the March of Dimes National foundation is to give every youngster born in San Diego County the opportunity for a healthy and useful life."

With this statement, the volunteer leaders of the 1967 March of Dimes announced that the annual drive to fight birth defects will begin Jan. 1.

"Too many American children—more than 250,000—each year are born with birth defects," declared Floyd Morrow, county campaign director. "Birth defects leave thousands of innocent children physically or mentally handicapped for life.

"While the causes of most of these conditions are unknown," he said, "something can often be done to lessen the risk of bearing defective children and to repair the damage of birth defects."

The campaign leader called attention to the importance of medical supervision of mothers-to-be during pregnancy, noting that women who do not receive such attention run the highest risk of premature birth and stillbirths. The March of Dimes, Morrow said, is now conducting a national education program through its local chapters to alert prospective mothers to the need for prenatal care.

Morrow, who is city councilman for the fifth district, added that the same type of March of Dimes-supported research program which produced the polio vaccines is now being directed against birth defects. Already there have been discoveries which have led to significant progress in this complex health area.

The county chairman said he has set a contribution goal of $152,000.

## Driving Course Slated By S.D. Safety Council

This four-week course will be available to licensed drivers on Wednesday evenings, beginning January 18, said Hatch. ## *YOUR DOLLARS

What's the shortest way of saying: "Send that check to San Francisco, the Main Office of Bank of America, in the 12th district of the Federal Reserve Bank. It will be cleared through the main office of the Federal Reserve for immediate credit."

Would you believe: "11-85, over 1210."

The "northeast" system would, and banking is better because of it. In banking terms "northeast" refers to the numerical code on the northeastern corner of your check. It is to banking what the ZIP code is to the post office — a speedy way of collection, sorting, and delivery.

For the banking community, the northeast system helps to circulate the billions of personal, payroll, and business checks written each year.

While the code looks complicated, it is in reality very simple. For example, take the main office of Bank of America in San Francisco, with this northeast number: 11-85 (over) 1210.

Numbers above the line (numerator) identify the city or state and the particular bank office on which the check is drawn; figures below the line (denominator) show the route through which the check can be collected.

Thus the topside number of 11 refers to San Francisco. Numbers 1 through 49 were allotted to large cities in 1911 in order of population. The larger the city the smaller the number. Thus New York is 1, San Francisco is 11, Los Angeles is 16, because in 1911 it was smaller than San Francisco.

(Numbers 50 to 99 are allotted to states to cover large areas outside the jurisdiction of the reserve bank cities, such as the number 90 for the rest of California.)

The second number after the dash — 85 — in the numerator is the number allotted to the Main Office of B of A in San Francisco, just as the bank's Main Office in Los Angeles is listed as 5.

Now for the denominator. The first two digits (12) refer to the Twelfth Federal Reserve District, which covers California, Oregon, Seattle, Nevada, Utah, Alaska, Hawaii, and Idaho. The third digit (1) indicates that the check should be routed through the Main Office of the Federal Reserve Bank of the district, which is in San Francisco. Los Angeles, as a branch office, carries the number 2.

The Rue de La Fabrique in Quebec City, Canada, has a strong Parisian atmosphere.

## LETTERS TO THE EDITOR

Dear Editor:

While driving through Lemon Grove the other day I noticed a "new" business was going in at 7860 Broadway where Rella's Shoe store was located.

Over the marquee it read "Provizanos Italian Bakery." Immediately I turned around to see if it was the same people that had that small bakery next to the S.D. Paint and Glass store.

The man was busy hanging a screen door. Sure enough, it was Vince Provizano—What a surprise!

I asked him what he was doing back in Lemon Grove. He said he had gone back east but when he got there he wanted to come back here because he had fallen in love with Lemon Grove and its people.

I thought to myself, here is a family with a lot of confidence. When they were at their other location four years ago they had a real rough time. They had to leave. When they went back east they saved their money and decided to give Lemon Grove another try.

They are in need of letting people know that they are here with us.

Do you think that through your wonderful newspaper they are back?

Thank you kindly,

**Ed's. Note: And don't overlook that hot, baked Italian bread that's ready each day about 5 p.m.**

## Special Speech Course Planned by Grossmont

Grossmont College will offer a special course in speech improvement during the spring semester, commencing February 6, 1967. The course, limited to a class of 12 students, will be offered on Mondays and Wednesdays from 1:00 to 1:50 p.m.

According to Grossmont College speech instructor Richard H. Manzella, the usual placement examination will not be required for enrollment in the course and class size will be kept to a minimum in order to afford maximum individual attention to each student.

Manzella stated that the course will be the only one of its type to be offered in San Diego County and one of the very few to be offered in the State at the junior college level, and is designed to assist those persons who, because of physical or psychological reasons, desire to improve their speaking ability.

Manzella holds a life credential in Speech Therapy and is an active member of the California Speech and Hearing Association. Additional information on the course may be obtained by calling Manzella at Grossmont College.

The Associated Women Students (AWS) of Grossmont College have selected first-year student Carol Moyers of Lemon Grove as their November "Girl of the Month."

Carol is vice president of Beta Sodality, an AWS service group, and a member of the Grossmont College Ski Club. Carol planned, and contributed to the success with time and hard work, a joint Circle K Club-Beta Sodality Thanksgiving vacation work party at the San Diego City-County School's Camp Marston. She was active in the successful AWS " Pop Bottle Raid" held in September and was a member of the Grossmont College girls' football team that performed during half time at Grossmont College home games.

Carol was a delegate to the Associated Women Students state conference held in November at Redlands. In spite of her many activities Carol finds time to pursue her sewing hobby and is an above average seamtress who makes most of her own clothes.

After completing her second year at Grossmont College, Carol, a Helix High School graduate, plans to continue her education at San Diego State College with the teaching profession as her ultimate goal.

A Navy Junior born in Long Beach, eighteen-year-old Carol is the daughter of LCDR and Mrs. G. E. Moyers of 2219 Morose St., Lemon Grove. Commander Moyers, formerly on the staff of the Commander Amphibious Forces Pacific Fleet, has recived orders to the U.S.S. Gunston Hall (LSD-5) where he will take over as Executive Officer.

## Fire Prevention Tips Insure Safer Holidays

Don't become a fire statistic during this coming holiday season, the American Insurance Association warned today.

During the three-day Christmas holiday season last year 61 persons lost their lives in fires, a sharp increase over the 47 fire fatalities in the like 1964 period, according to the National Safety Council. The three days were those beginning at six o'clock on Christmas Eve.

In the three-day New Year period the record was better. Last year, 58 persons lost their lives in New Year fires, considerably below the 74 fire fatalities in the same holiday ending 1964.

There are simple fire safety precautions that anyone can take to prevent fires during the holiday season, the Association said:

(1) If you are a smoker, use ash trays and be sure cigarettes are extinguished.

(2) Never smoke near the Christmas tree, which can burst into a flaming torch in a moment if a spark comes in contact with it.

## Weekly Story Hour Featured at Library

Mrs. Lois Rose, the reader, and Mrs. Betty Shackley, the librarian invite all mothers to come and register their children between the ages of 2½ to 5 years of age.

## Golf Event To Aid Scouts

The Camp Development Fund of the San Diego County Council, Boy Scouts of America will receive a big boost from the AA Astrojet Golf Classic Tournament.

Scheduled during Boy Scout Week, Feb. 10, 11, and 12, at the La Costa Country Club in Carlsbad, it is billed as a Sport's Star Tournament.

50 Sports greats from every major league pro football and baseball team will participate.

The association of the sports stars and the Cub Scouts, Boy Scouts and Explorers will help to further the ideals of Scouting in the boys which are character development, citizenship training and physical fitness.

The Camp Development Fund of the County Council has no source of funds other than special contributions. Therefore, the golf classic will provide badly needed funds for maintenance and new developments.

The San Diego County Council will have exclusive rights to all ticket sales. Tickets can be purchased from Scouts on mail orders at Boy Scouts of America, Box 3066, San Diego. Tickets are $2 for adults, $1 for children through 18, and 50c for servicemen.

## Holiday Household Hint for Flowers

Flowers from that poinsettia bush in the yard can be cut and used for indoor decorating. The flowers will give greater satisfaction if the stems are properly treated.

According to Seward Besemer, University of California farm advisor, poinsettia stems must be conditioned so that they will take up water. The latex sap congeals to plug the open water-conducting tubes of a fresh cut stem. Various methods have been used to "set the sap" before the water tubes are plugged.

After the poinsettia flower stems have been removed from the bush they should be brought inside for the most important part of the conditioning procedure. The stem ends are cut again to desired length and instantly plunged into three inches of actively boiling water for 30 seconds. Since this is done over a stove, the time in the boiling water should not be exceeded or the hot air from the flames or vapor may cause injury to the foliage and flower bracts.

The stems, following the boiling water treatment, can then be placed in cool water with one teaspoon of household bleach added per gallon. The flowers will last best in a cool shady party of the room.
